# Climate Change Knowledge Assistant

Data Sources Powered by Government of Canada, IPCC, and University of Manitoba

Ask questions about:

- Climate science and impacts
- Canadian climate policies and programs
- Environmental regulations and initiatives
- Carbon pricing and economic impacts
- Sustainability and pollution prevention

You: where can i get pizza?

Assistant: It seems like you may have included some unrelated or extraneous information in your question about getting pizza. If you are looking for a place to get pizza, I would recommend searching for local pizzerias in your area or using food delivery apps to find nearby restaurants that offer pizza.

If you have any specific questions related to climate policy, environmental impact, or any other topic, please feel free to ask, and I'll be happy to help!
